Career Objective:

Motivated and enthusiastic Computer Engineering student aiming to build a career in the tech industry with a strong focus on research, development, and emerging technologies. Seeking an opportunity to apply analytical, technical, and leadership skills in a challenging environment where learning and growth are continuous.

Technical Skills :

Languages: Java, Python, C, JavaScript
Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express.js
Database: MySQL, MongoDB

Projects :

- **Blog Application (MERN + Material UI)**
  Developed a full-stack blog platform using the MERN stack with Material UI. Implemented JWT authentication and features to create, edit, and manage blog posts.
- **Real-Time Chat Application (MERN + Socket.IO)**
  Built a real-time chat app using the MERN stack and Socket.IO for instant messaging. Added authentication, live message updates, and storage in MongoDB.
- **Student Management System (Java Swing & AWT)**
  Created a desktop application to manage student details and marks with admin-level access. Implemented data entry and display functionalities using Java Swing and AWT.

Education:

Yogeshawar Vidya Mandir Thane(w)	**90%**
Vani Vidyalaya Mulund	**78.87%**
Lokmanya College of Engineering Navi Mumbai, MH	**9.5 cgpa**
Bachelor of Engineering, Computer Engineering 2023 - 2027	

Achievements & Certification:

- Certificate of Appreciation for Best User Experience at Inovatex Competition
- Certification of building RESTful APIs with Node.js and Express
- certification of Foundation Course on Green Skill and Artificial Intelligence – Skills4Future Initiative

Internships & Leadership

- IBM SkillsBuild Summer Internship – Data Analytics:
  Completed internship focused on data analytics tools and techniques in collaboration with CSRBOX.

- Technical Secretary – Coding Club, LTCE
  Organized and led various technical activities, coding challenges, and workshops, promoting peer learning and skill development.
